Qnodiam, Education that enlightens!

- ❖ Dependable Competency Partners
- ❖ Expert Industry Veterans
- ❖ Lucid & Practical

Qnodiam's mission is to mentor school **children into leading edge technologies** because children's appreciation for technology today, will make **India the leader** of tomorrow. We are pleased to join hands with **elite schools** like **Loreto** in this journey.

Our globally industry leading coaches are specialists in:

1. Comprehensive teaching of CICSE Robotics & AI syllabus
 - Python computing skills & all relevant libraries
 - Data Science, AI, Analytics & Data Visualization
 - Computer Vision & NLP
 - IoT & Robotics
 - Cyber Security
2. Hands-on labs & project-based mentoring
3. Support beyond syllabus & instil knack for career excelling
4. Impart awareness of ethical considerations
5. Accurate skill assessment of students in the above areas

THE QNODIAM ADVANTAGE – ROBOTICS & IOT

Robotics Components

❖ At Qnodiam, we boast our own:

- Development boards
- Managed IoT cloud platform
- Comprehensive training resources

❖ We inspire through hands-on projects:

- Comprehensive syllabus coverage
- Practical & lucid, help conceptualize
- Inspire beyond curriculum to excel in career

1. **Sense**
Learn about surroundings
2. **Communicate**
Convey sensor data to central controller
3. **Think**
Make a decision in the controller
4. **Act**
Take an appropriate action
Using the actuators
